YOGA Class Descriptions:

Level ONE:

Aerial: Join us to work on your strength and flexibility using silks, hammocks and a lyra ring. These classes are held in Y in the Sky and open to kids and adults.

Basics and Beyond: For newer students, or those wanting to further explore foundational poses in an encouraging and slower-paced class.

Chair Yoga: Yoga moves while seated.

Class of Movement: A class of movement, meditation, mindfulness, energy balancing and self massage techniques to bring balance and harmony to mind & body with unique music.

Gentle Yoga: A less strenuous class, with light strengthening and gentle lengthening of the body. Class is accessible and a great way to start or to explore your practice.

Restorative Yoga: Find your way into a pose, supported by props. Release and let go into the pose rather than working to find it. Focus on relaxation and renewal.

Yoga: Strengthen and tone, increase energy, calm and focus the mind, open to a sense of peace.

Level TWO:

Yoga for Everybody: Greater variety; faster paced than the Basics class, with more options for intensity. Breath work, linking of poses in flow sequences, and stretching included; experience helpful.

Yoga Flow: A combo class that offers cues for alignment and movement with Vinyasa flow. A certain sequenced class will incorporate breath and fluid movement, working toward a peak pose or targeting a specific body part.

Yin: Yin is designed to help you sit longer and more comfortably, in meditation by stretching connective tissue around the joints (mainly the knees, pelvis, sacrum, and spine). This involves variations of seated and supine poses typically held for 3 to 5 minutes, accessing deeper layers of fascia. Beginners are welcome as the instructor will adjust to each student.

Level THREE:

Strong Flow: Faster flows and strength building vinyasa class.

Yoga for Fitness: A flowing series of poses that creates strength, flexibility, endurance and balance.
